MOURNING THE LOSS OF SHIMON PERES

(Ms. JACKSON LEE asked and was given permission to address the House for 1 minute.)

Ms. JACKŚON LEE. Mr. Speaker, I rise today to join the people of Israel in mourning the loss of Shimon Peres, a statesman, a lover of his country, but a lover of people around the world, one who, in 1976, won a Nobel Peace Prize for laying out one of the unique and important although, unfortunately, short-lived framework for peace. He was one who believed in a two-state solution, respected by Israel and its people, but also the leaders and people around the world.

I had the privilege of meeting him on a number of occasions, and I might say that his calm voice was a welcome intrusion in, sometimes, a world of discord.

Although he stood by his nation in time of war, and may, in times of analysis, have many thoughts about his leadership as President and Prime Minister, several times, and many other positions, one can say that clearly he loved his country, but he loved the people of the world and he loved peace.

I give my deepest sympathy, again, to the people of Israel, his family and friends. We in the world and, of course, this Nation have lost a dear and beloved friend who truly believed in peace.

NEW BOMBSHELLS OF THE CLINTON INVESTIGATION

(Mr. WILSON of South Carolina asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. WILSON of South Carolina. Mr. Speaker, on late Friday afternoon, to avoid the American media, the FBI released over 180 pages concerning the 46 interviews of investigation into Hillary Clinton's emails. The Daily Caller has provided "12 Biggest Bombshells in FBI's Clinton Investigation Notes." A few of the most notable include:

Obama's top negotiator for the dangerous Iranian Nuclear Deal may have had her private email hacked. She also admitted to using her private email to conduct government business.

Secretary Clinton's lawyer asked about a computer technician to wipe out computer data in 2013.

President Obama emailed Ms. Clinton at least 18 times while claiming he did not know she had an email server, which are now kept secret.

The State Department computer technician was against housing Clinton's server in her basement.

These are just four of the revelations of the investigation. It is clear that Secretary Clinton's actions displayed a lack of judgment, putting American families at risk of attack.

In conclusion, God bless our troops, and may the President, by his actions, never forget September the 11th in the global war on terrorism.

ENDING HYDE AMENDMENT

(Ms. JUDY CHU of California asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. JUDY CHU of California. Mr. Speaker, for over 40 years the Hyde amendment has been the flagship in the assault on a woman's constitutional right to an abortion. Because of Hyde, a low-income woman is able to use her Medicaid for her healthcare needs, but not in one area—abortion.

In effect, a woman on Medicaid who faces this tough decision may be forced to forgo groceries, her utility bills, or her rent just to pay for the procedure. Even worse, she could be driven to a dangerous, back-alley abortion or seek an unlicensed practitioner. And if she cannot find the funds for the procedure and goes on to give birth, she is at greater risk of sliding deeper into poverty.

That is why I am a cosponsor of the EACH Woman Act, which would ensure that every woman has access to abortion coverage, regardless of how much she earns. We must ensure that every American woman can access her constitutional right to an abortion. We must end the Hyde amendment.

HONORING STAFF SERGEANT MATTHEW THOMPSON

(Mrs. MIMI WALTERS of California asked and was given permission to address the House for 1 minute.)

Mrs. MIMI WALTERS of California. Mr. Speaker, I rise today in memory of Staff Sergeant Matthew Thompson of Irvine, who was tragically killed on August 23 while on patrol in Afghanistan.

He enlisted in the Army in March of 2011, and though this was his first deployment to Afghanistan, he had also been deployed to Iraq to combat the Islamic State. He was awarded over a dozen medals in his military career and was posthumously awarded the Purple Heart Medal.

Staff Sergeant Thompson was just 28 years old, and he leaves behind his wife of 5 years, Rachel. Our prayers remain with her, his family, friends, and fellow soldiers.

Staff Sergeant Thompson gave everything to protect our freedom. It is because of him, because of his service, because of his sacrifice, that we live in the most free nation on Earth. We will always remember this, and we will remain forever grateful for his selfless sacrifice.

MOURNING THE LOSS OF SHIMON PERES

(Mr. CICILLINE asked and was given permission to address the House for 1 minute.)

Mr. CICILLINE. Mr. Speaker, I rise to express my deep sadness on the passing of former Israeli President and Prime Minister Shimon Peres. Shimon Peres was devoted to the cause of the Jewish state and worked tirelessly to achieve a lasting peace in the Middle East.

He was the founding father of the State of Israel and remained, throughout his life, one of its greatest champions. He was the central architect of the Oslo Accords and was respected around the world for his strong leadership as Prime Minister and President of Israel. His example should be an inspiration to us all, as he fought so long for peace.

My thoughts are with his family and friends as well as the people of Israel, who have lost a beloved leader.

HONORING THE LIFE OF AUSTIN CURRY

(Mr. BILIRAKIS asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. BILIRAKIS. Mr. Speaker, I rise today in remembrance of a local hero in my district, Mr. Austin Curry, who passed away on September 18 at the age of 86.

Friends remember him as a "young soul who spent days in prayer or sharing his sunny demeanor and faith in prolific Facebook posts."

With a full life devoted to God and service to his country, Mr. Curry was an Air Force veteran who served in the Korean war.

As a passionate advocate in the elderly community, Mr. Curry served in leadership roles for the Florida Silver-Haired Legislature, the Hillsborough County Hospital Association, and the Health Council of West Central Florida. He also served as a delegate to the White House's 2005 Conference on Aging.

His accomplishments and the lives he touched will remain in our memories.

IT IS TIME FOR ACTION TO END BREAST CANCER.

(Mr. LOEBSACK asked and was given permission to address the House for 1 minute.)

Mr. LOEBSACK. Mr. Speaker, I rise today in strong support of the Accelerating the End of Breast Cancer Act.

Breast cancer is the most common cancer among women, and it is estimated that, this year, almost a quarter of a million women will be diagnosed with the disease, including, already, a close friend of mine. Thousands of those women live in my home State of Iowa.

It is time for action, and passage of the Accelerating the End of Breast Cancer Act is a great next step. This bipartisan bill, which has over 270 cosponsors, would establish a commission aimed at ending breast cancer by January 1, 2020. That commission would look for gaps in the public and private sector where investment is needed and then recommend initiatives and strategies to work toward finding a cure for
